

Alberta Beach Snowmobile Club

The Alberta Beach Snowmobile Club was formed in 1970. We organize family club rides, hold monthly dinner meetings during the winter, and promote safe, responsible snowmobiling.

It is our hope that you will find this map useful and support both our club and the businesses that made this map possible.

Trail Pass

Your annual ASA Trail Pass supports the ASA Snowmobile trails network and local club. Please purchase a Trail Pass from your local club.

Our Mission

The Alberta Beach Snowmobile Club is dedicated to "Continuous Growth" and "Safe Snowmobiling", benefiting all snowmobilers through the development and maintenance of a snowmobile trail system, providing snowmobile safety and awareness programs, promoting group and family fun and supporting local initiatives.

Follow the Rules

Regulations on sled registration and use are different in various parts of the snow belt. Check with natural resource and law enforcement agencies and snowmobile dealers or clubs in the area you're visiting to make sure your ride results in legal and hassle-free snowmobiling.

Remember, that Alberta has an **age restrictions** for snowmobile operation, requiring that a person younger than 14 must be accompanied by an adult.

As snowmobilers, we know that the sport of snowmobiling is fun and exhilarating, however, it is also inherently dangerous, exposing participants to many **risks and hazards**, only some of which are foreseeable; and as snowmobilers we freely and voluntarily assume all of these risks and hazards, and that accordingly, the use of the ASA trails and participation in ASA events shall be entirely at your own risk.

It's Up to You - Know Before You Go. Operators will know and will obey all **Alberta laws, bylaws and regulations**, which pertain to the operation of snowmobiling. It is recognized and accepted that snowmobiling is essentially an off-road activity taking place in an unpredictable natural environment. It's up to you - Sled Smart and use respect.

Safe Crossing. Be careful when crossing roads of any kind. Come to a complete stop and make absolutely sure no traffic is approaching from any direction. Then cross at a right angle to traffic.

Please respect private property. Stay on the trail!

Take it easy

Today's snowmobile is a mechanical marvel. It provides inspiring performance, reliability and pleasing aesthetics, combined with essential safety design and components.

Safe riders drive within the limits of their machine and their abilities.

Remember, speed is not the measure of snowmobiling fun. You should always ride at a speed in which you can stop within your line of sight. Slowdown and enjoy the scenery and the experience. Ease up on the throttle especially when near other machines, people, trees, animals and other objects. It's good sense - and it's the law.

Take a Friend

Don't snowmobile alone. Not only is snowmobiling more fun with family and friends, it's safer too.

A Good Turn

Other snowmobilers and car drivers need to know what you're up to. Remember the basic hand signals:

Left Turn:
left arm extended straight out

Right Turn:
left arm out, forearm raised, with elbow at a 90-degree angle

Slow:
left arm out and angled toward ground

Stop:
left arm raised straight up

Take Care of the Trail

Safe riders snowmobile to enjoy the outdoors. They treat it with respect. They wait for enough snow cover to protect vegetation. They avoid running over trees and shrubs. They appreciate but don't disturb animals or other users. They don't litter, they follow the back country motto "Pack it in - Pack it out!"

Take the Honorable Trail

Beautiful trail systems and riding areas are available throughout North America. Stay safe and legal within the areas that you are permitted to ride or those for which you've obtained permission.

Snowmobile Code of Ethics

I understand and accept the risks associated with snowmobiling and I will take responsibility for my own actions...

As a responsible snowmobiler...

- I will ride in a manner that is a credit to our recreation;
- I will influence other snowmobilers to adhere to this Code of Ethics;
- I will respect the rights of others including property owners and other outdoor enthusiasts;
- I will protect our natural environment;
- I will ride in a responsible manner and will use only marked trails, areas or roads open to snowmobiles;
- I will not harass or harm wildlife or the natural surroundings;
- I will minimize my impact on the environment;
- I will ride smart, be prepared and stay in control;
- I will check ice and weather conditions before riding;
- I will help those in distress;
- I will obey all laws and rules governing our recreation;
- I will promote proper snowmobile education and training;
- I will practice Zero Tolerance with respect to impaired driving.

Support the
Trail System.
